

KINGSPORT SHORTHORN DISPERSAL

These choice Feeder Steers will be offered in the Kingsport Dispersal.

AT THE FARM, 3 MILES FROM CANNING, N.S.
ON WEDNESDAY OCT. 2nd. at 1:30

85 BREEDING FEMALES - 20 YEARLING STEERS
26 STEER CALVES AND THE HERD SIRE

KINGSPORT SHORTHORNS
1940 - 1968

Kingsport Shorthorns owned by Mr. J. B. Cox have made an enviable record for the past 28 years.

Female selections from the Chase, Bennett, Gardhouse and Deacon herds resulted in the formation of his Clipper, Rosewood and Lavender families.

With a keen eye to the future of the breed and more particularly the commercial breeder, Bernie selected for larger than average cattle with good re-productive and nursing ability.

It will be noted in the catalog that 24 of the females offered are sired by Mermac Welcome 38N the Western bull by Urealta Welcome 2nd by Calrossie Welcome.

Shorthorn Breeders in the Valley area consider him to be one of the best sires used in the Kingsport herd.

He was followed by M. F. Farm Twinkle a Burton Pilot son and 21 of his daughters are being sold.

The herd is in excellent breeding condition and have been pasture bred to Plain Crest Councillor Lot 1.

Seldom do we have an opportunity to offer a herd bred so richly and we recommend that you plan to attend the sale.

If you travel by car on route 1 going west look for the Port Williams, Canning signs one mile west of Wolfville.

Lunch will be served at the farm

Sale managed by the

NOVA SCOTIA ANIMAL BREEDERS CO-OP. LTD.,

Jack Cunningham, Auctioneer
